

65W ES III

HKA06519034-8X

Input voltage: 100-240VAC

Input frequency: 50/60Hz

Output watt: 65W

Efficiency: $\geq 89\%$

Operating temperature: 0°C to +40°C

Dimensions: 9.5(L) × 4.6(W) × 2.9(H)cm (Cable length not included)

Categories: [Adapters](#), [Notebook Adapters](#)

[Description](#)

Description

Compatible with Most Brands of Laptops

Ten ports to meet the compatibility with different brands of laptops

Please note that same model of adapter is paired with different tips for different markets, the above tips are for reference only.

High Efficiency & Energy Conservation

The conversion efficiency is higher than 89%

Multiple Protections

OVP, OCP, OTP and SCP protections for safety

CE, UL, TUV, GS, C-Tick, CCC Certified

Specifications

Model	65W ES III
Input voltage	100-240VAC
Input frequency	50/60Hz
Output watt	65W
Efficiency	≥89%
Operating temperature	0°C to +40°C
Dimensions	9.5(L) × 4.6(W) × 2.9(H)cm
