Specifications

Name	Air Purifier
Model	KJ380G-YJ
Rated Voltage	220V~/50Hz
Rated Power	65W
Noise Level	66dB(A)
Net Weight	10.4kg
CADR (formaldehyde)	150m ³ /h
CADR (particle)	369m ³ /h
CCM (particle)	P4
Purification Efficiency Level	High
Applicable Area	26-45m ²

OUCICA

Every innovative product brings us with colorful, comfortable and pleasant life. At OUCICA, we believe that the true innovation is all about developing solutions for making people's lives better and healthier.

We are relentless in the pursuit of the latest technologies for building intelligent household appliances. Every breath of fresh air fills us with energy and serenity, thus we make the photocatalyst air purifier to give people healthier breaths. Every drop of tea fills us with health and strength, therefore we create the tea machine. We design, manufacture, and distribute an extensive portfolio of household appliances to our world-wide customers.

WE ARE OUCICA. We are not only dreamers, we are also doers.
